Condon Associates is proud to announce the appointment of Hakki Hassan as an Associate of the Practice in Sydney with effect from 1 April 2011.

Hakki, also a leading member of the Turkish business community within Sydney has developed a formidable relationship with a number of ethnic communities that has further enhanced the Firm's reputation as both a multicultural employer but also a professional organisation experienced and understanding of the needs relating to a number of growing ethnic communities within the Australian business sector.

Schon Condon, Condon Associates Managing Principal, said *"Hakki's commitment to professional, thorough and timely service amplifies the Firm's approach and goes a long way to achieving a level of professional service for which our industry is unfortunately often lacking. We are very proud to have Hakki as a member of our growing Team."*

With this new level of responsibility we look forward to further expanding our services within the Forensic Accounting, Insolvency and Turnaround professions.
